818.994.2613

FAX #818-782-7792

ed@esaltzberg.com

EDWARD SALTZBERG & ASSOCIATES is a consulting engineering firm specializing in the design of plumbing, piping, heating, ventilation, air conditioning and fire protection systems for ALL types of structures and systems. The firm actively engages in energy and system analyses, engineering surveys of facilities, reports and recommendations of corrective measures, energy conservation and expert testimony in litigation cases.

EDWARD SALTZBERG & ASSOCIATES practices competent, practical engineering which results in designing mechanical systems that fit the structures and the owners' budgets. To obtain this blending of practicality and theory, all key personnel have had extensive field experience, in addition to their educational background.

EDWARD SALTZBERG & ASSOCIATES is a sole proprietorship and, including its predecessors, has been in existence for over thirty years. Our varied clientele includes architects, designers, owners, developers, contractors, engineers, manufacturers, attorneys, and insurance adjusters.

The firm's present office encompasses 3600 square feet with a large conference room. There are four incoming telephone lines (two valley lines [818] and two Los Angeles lines [213], each on a rotary), and a 24 hour a day answering machine for both lines for the convenience of our clients.

To be as modern as possible and to better serve our clients, the firm has three computers, a scanner, a color plotter, a facsimile machine (on 24 hours a day), reproduction equipment, and speaker phones with capability for conference calls.

Edward Saltzberg, P.E., directs the operation of the firm and has had over forty-five years experience in the design and installation of plumbing and mechanical systems. **For a complete resume on Edward Saltzberg, see his personal Curriculum Vitae.** However, the following is a brief background on Edward Saltzberg:

EXPERIENCE: Partner in Kushner & Saltzberg, Consulting Mechanical Engineers, from its inception in January, 1968, until its transition to the sole proprietorship of Edward Saltzberg & Associates in June, 1969. The firm was incorporated in February, 1971, and unincorporated in September, 1988.

Associate in charge of plumbing, piping and fire protection from November, 1961, to December, 1967, for Michael C. Maroko & Associates, Inc., Consulting Mechanical Engineers.

Plumbing Department Head from November, 1958, to November, 1961, for Welton Becket and Associates, Architects and Engineers.

Senior Design Engineer from February, 1955, to November, 1958, for Gilbert J. Comeau and Associates, Consulting Mechanical Engineers.

Grew up in construction and worked a number of years as a Journeyman Plumber; still licensed in the City of Los Angeles.

EDUCATION: Graduated Los Angeles State College in 1956 with a BS Degree in Mechanical Engineering.

**PROFESSIONAL
REGISTRATIONS:****Registered Mechanical Engineer (PE) in the following states: (Active)**

Arizona	Illinois	New Jersey	Pennsylvania
California	Indiana	New Mexico	Texas
Colorado	Massachusetts	Ohio	
Georgia	Nevada	Oklahoma	

Registered Mechanical Engineer (PE) in the following states: (Inactive)

Connecticut	Iowa	Michigan	Washington
Florida	Kansas	Tennessee	

Registered Fire Protection Engineer in California.

Certified Energy Manager (CEM) - Association of Energy Engineers.

Certified in Plumbing Engineering (CIPE) - American Society of Plumbing Engineers.

Journeyman Plumber's Certificate - Plumbing Industry Progress & Education (PIPE).

Journeyman Plumber's License - City of Los Angeles.

MEMBERSHIPS:

American Society of Heating, Refrigeration and Air Conditioning Engineers (ASHRAE) - Full Member.

American Society of Plumbing Engineers (ASPE) – Presidential & Full Member.

Association of Energy Engineers (AEE) - Full Member.

Association for Facilities Engineering (AFE) [formerly American Institute of Plant Engineers (AIPE)] - Full Member.

California Society of Professional Engineers (CSPE) - Member.

California State Fire Marshal – Fire & Life Safety Advisory Board - Member

International Association of Plumbing and Mechanical Officials (IAPMO) - Member.

Los Angeles City Plumbing Technical Advisory Committee.

Mechanical Engineers Association of California (MEAC) - Full Member.
